

Bright Course Learn to Earn Referral

The Bright Course Learn to Earn Program is for mothers and fathers interested in earning necessary items for pregnancy and child care. Baby bucks are earned here at Next Step by completing Bright Course classes and by being involved with community agencies. Who says earning can't be fun! The program is free of charge, not county restricted and available for parents until the child turns two years of age.

By signing this form, I am not committing to or signing up for the Bright Course Learn to Earn Program. I am simply consenting to a member of Next Step calling to provide me with further information regarding the program.
